

2020 fixed-income outlook

December 27, 2019

Where are the opportunities for fixed-income investors in 2020?

In this video, Gene Tannuzzo identifies key issues affecting the bond market in 2020. For fixed-income investors, it will be important to identify the companies and industries that can best cope with trade and tariff battles. And although many investors are concerned about a late credit cycle environment, Tannuzzo explains his approach: to navigate around weak sectors to find opportunities in stronger sectors like U.S. services.
