

2024 investment outlooks

January 02, 2024

The economy remains surprisingly resilient, even as interest rates are being kept higher for longer. What does this mean for investors? Here's how our investment professionals are thinking about the year ahead.

An inflection point for bonds: 2024 fixed-income outlook Gene Tannuzzo, CFA, Global Head of Fixed Income

You don't have to be bearish on the economy to be optimistic on the bond market. Here's why.
