ETF shares are bought and sold at market price (not NAV) and are not individually redeemable. Investors buy and sell shares on a secondary market. Shares may trade at a premium or discount to the NAV. Only market makers or "authorized participants" may trade directly with the Fund(s), typically in blocks of 50,000 shares. Although the Fund's shares are listed on the Exchange, there can be no assurance that an active, liquid or otherwise orderly trading market for shares will be established or maintained.

There are risks involved with investing in **ETFs** including the loss of money. An investment in the fund is subject to **investment risk** including the possible loss of the entire principal amount that you invest. **Emerging market investments** involve risk of capital loss from unfavorable fluctuation in currency values, from differences in generally accepted accounting principles, from economic or political instability in other nations or increased volatility and lower trading volume. Although the fund's shares are listed on the **Exchange**, there can be no assurance that an active, liquid or otherwise orderly trading market for shares will be established or maintained. These Funds may have **portfolio turnover**, which may cause an adverse cost impact.

Columbia Management Investment Advisers, LLC serves as the investment manager to the ETFs. The ETFs are distributed by **ALPS Distributors, Inc.**, member FINRA, which is not affiliated with Columbia Management Investment Advisers, LLC.
